Attention all Anglers

Kispiox River Guardians: Information Sheets

Welcome to the Kispiox Reserve. The reserve lands are private property. In order to experience our world class fishing or sight-seeing on a lazy raft down the river we charge a nominal access fee. To collect the fee, the Band Council employs River Guardians whom you will meet on the river. The River guardians are local persons and are very knowledgeable with the fishing in this area and are Certified Guides in river rafting. They also hold first aid certification. The Kispiox River Guardians will carry Band issued identification.

In order to enjoy our waters all you have to do is pay the nominal fee when approached by our River Guardians or drop into the Gas bar or Band Office. Feel free to ask our river guardians about some of the local hotspots and local craftsmen who tie some of the best fly's in the business. Our goal is to remain open and accessible to all who want to come and enjoy our pristine waters

For fishing licences, we recommend checking in with Service BC who issue fishing permits for the Province of British Columbia. Some local restrictions apply as do some special licencing dealing with restricted waters and conservation.

For local BC residents, we charge \$ 25 per day or \$ 100.00 per week. For non-local BC residents, we charge \$ 50 per day or \$ 200.00 per week. For all non BC residents, we charge \$ 100 per day or \$ 450 per week.

When asked about our rates please consider for a moment, when a person goes to pay for a world class golf experience they may pay upwards of \$ 200.00 per round. We feel our nominal charge is reasonable for world class-all day fishing experiences.

On behalf of Chief Barnes and the Band Council, Welcome to Kispiox.
